ClickSafe® Round Keyed Twin Laptop Lock - Single Keyed

Security and convenience in just one click

K64912S

Product Description

The Kensington ClickSafe® Twin Round Keyed Laptop Lock is designed for effortless protection of laptops, devices and your business´s most important data. Single Keyed locks allow you to equip employees with their own personal locks and retain administrative access for IT Managers. It provides backwards compatibility with other Kensington round keyed locks for flexibility and convenience.

Features

- Single Keyed locks allow you to retain administrative access and backwards compatibility with existing round keyed Kensington locks
- ClickSafe®'s keyless locking mechanism helps increase employee compliance. There's no excuse for computers and data being left unprotected
- Two high security barrel lockheads with built-in defense systems that guard against lock tampering for increased security
- Multi-stranded 5mm thick and 1500mm long steel cable provides the strongest physical security on the market
- Second lockhead on a 30 cm extention cable for flexible positioning of your devices
- ClickSafe® lockheads pivot 180° and rotate a full 360° around the cable for flexibility and convenience
- Protect your devices by attaching both lockheads to the ClickSafe® Security Anchors which connect to the Kensington Security Slot found in 99% of laptops and many other devices
- Low profile lockheads ensure compatibility with thin laptops and other devices
- Watch employee compliance rates rise! ClickSafe® makes security effortless
- Online key code Register & Retrieve™ and replacement service
- Limited Lifetime Warranty
